NOTES AND PRECIS.

D.No.2113. S.N.(1).

K. Durugiah, Vaccinator, Staff Dispensary, retired from service on 18-6-1934 on a superannuation pension of Rs.10/8 per mensem. He was subsequently re-employed as Vaccinator on his former pay (Rs.30), (his pension being held in abeyance), for a period of two years with effect from 1-4-1935; and B.V.Madurai Chetty was appointed as a probationary Vaccinator (on pay Rs.20 plus conveyance allowance Rs.5), to be trained to take up Pensioner Durugiah's place at the end of two years.

Durugiah completes his period of two years' re-employment on 31-3-1937 and the Staff Surgeon recommends that Probationary Vaccinator Madurai Chetty may be con-firmed as Vaccinator with effect from 1-4-1937. This may be approved.

The Staff Surgeon further recommends that Durugiah may be granted - in consideration of his long and meritorious services - his full pension, i.e., Rs.15/-, and also a reward to the extent of one year's pay (Rs.360) Under the Civil Service Regulations, Durugiah is not entitled to any such reward and the Staff Surgeon may be informed accordingly. As regards increased pension, the question may be further examined with a view to see whether any increase can be sanctioned by the Resident; and for this purpose, the Staff Surgeon may be asked to forward for reference Durugiah's, pension papers which were returned to him with S.N.8 of file 171/34.

Draft submitted for approval.

S.N.(2) Issue.

5 Mr. K. Durugiah was one of the two vaccinators attached to the Staff Hospital whose pay and allowances were met from the M.A.T. Revenues. He joined service on the 1st October 1912, in his 33rd year, and on the 18th June 1934, i.e. after he had put in a service of 21 years 8 months and 18 days, and completed 55 years, he was retired from service on a superannuation pension of Rs.10-8-0 per mensem, as no public grounds were then urged for the retention of his service. He was however re-employed on public grounds with effect from 1st April 1935, at the request of the Staff Surgeon, for a period of two years; and one B.V. Madurai Chetty was appointed as a probationary vaccinator to be trained by him to take his place at the end of the 2 years. Durugiah completed two year's re-employment on 31-3-1937. The Staff Surgeon recommended that Mr. Durugiah might be given full pension and a reward of one year's pay for his excellent service. The request for the reward has already been turned down and the recommendation for full pension is pending a decision.

In S.N.1 the Staff Surgeon says that Mr.Durugiah was employed in the Staff Hospital since 1907; but this fact, was not mentioned when his pension papers were submitted for orders; and it cannot therefore be considered now. Moreover his service Register shows that his date of appointment in the Hospital is 1-10-1912. According to the Civil Service Regulations Mr. Durugiah is entitled only to the pension already granted to him namely Rs.10-8-0. Pension in excess of this amount requires the sanction of the Government of India under Article 924(b) of the Civil Service Regulations, but this does not appear to be a fit case to be submitted to them.

7 Article 520 Civil Service Regulations - re-employment after Superannuation and retiring pension - does not contemplate the grant of a pension for second service as in the

the case of compensation and invalid pension vide Article 514(b) and 519 Civil Service Regulations. The intention seems to be to grant some concession for pre-mature retirement on compensation or invalid pension only, and hence the same concession is not allowed for re-employment after superannuation pension.

8 In the circumstances no enhanced pension can be granted to Mr. Durugiah.

Para 9(1) of notes.

13. If the break in service of Mr.Durgiah before the last two years (9 months and 13 days) is condoned and the 2 years new service is admitted to count for pension, and his pension can be calculated on a total service of 23 years. He will then be eligible to an additional pension of Re.1/- or a total pension of Rs.11-8-0 in all instead of Rs.10-8-0 sanctioned at present. Article 529 Civil Service Regulations regarding pension for new service provides that "Pension (if any) is admissible only for the new service combined with the old, the whole being counted as one service." It is not clear whether this Article is applicable to a case of re-employment after superannuation pension in view of the provision of Article 520 read with Articles 514 and 519.

Para 9(2) of notes.

14 It is seen from the P.U.C. and its enclosure that Mr. Durgiah was employed as a temporary ward servant in the inferior service in the Followers Hospital under the Military Department for about 5 years before he was employed in 1912 by the Civil Department as Vaccinator in the Superior Service. As the service was temporary no claim to pension can be admitted for that service under Article 352(b) of Civil Service Regulations. If however the service is admitted as qualifying under Article 370 it cannot in any case count for pension on the Superior Scale under Article 398 as the service of the ward servant is inferior. He should therefore apply to the Military Authorities for a gratuity for that service.

U.O.D.No: 5183 dated the 4th June 1937.

The rules in the Civil Service Regulations make a distinction between re-employment of an officer who has obtained compensation or invaild pension and one who is in receipt of a superannuation or retiring pension. While Articles 514 and 519 permit the former to count his service after re-employment for pension or gratuity, the rules do not give similar permission in the case of the latter. Article 529 simply says that a separate pension cannot be given for service after re-employment but that a single pension only should be given for the combined old and new service. Articles 530 and 531 proceed to describe how pension or gratuity for the combined service should be calculated in the cases in which the new service counts for pension or gratuity, i.e., where officers have obtained compensation or invaild pensions or gratuities.

The question of condoning a break between the old and the new service does not arise, as under Articles 529 to 531, both services are to be combined for calculating admissible pension or gratuity. Mr. Durgiah having retired originally on superannuation, his pension is not affected by the extra service rendered after re-employment.

The Vaccination staff attached to the Staff Dispensary Bangalore consists of 2 posts held by a man and a woman.

Vaccinator.		
Pay.	30	28
Conveyance allowance.	10	3
Vaccinatrix.		
Pay.	25	23
Conveyance allowance.	10	3

The Vaccinatrix was not originally granted any allowance but in his letter dated the 6th February 1909, the Staff Surgeon recommended the grant of an allowance of Rs.10/- to her just like the Vaccinator in order to permit her to hire a cart or some conveyance. This was recommended to the Govenment of India who sanctioned a conveyance allowance of Rs.10/- per mensem to the Vaccinatrix also. It was subsequently reduced from Rs.10/- to 3/ under the general Orders of the Resident for the reduction of allowances. There is no condition attached to the grant of the allowance and it is not obligatory therefore for the Vaccinatrix to maintain a conveyance. Fundamental Rule 44 provides that compensatory allowance (conveyance allowance is a compensatory allowance) should be so regulated that it is not on the whole a source of profit to the recipient. It is quite possible that the Vaccinatrix is obliged to incur expenditure to the extent of Rs.3/- p.m. on account of hire of conveyance.
